POLICIES FOR RECEIVING QUAKER HILL SCHOLARSHIPS

Scholarships are provided on an as needed basis. The student/parents are encouraged to pay/earn a portion of the funding for his/her own way before receiving help from the church. **Participating in the stamps for camp program is one way for students to help pay for a portion of their camp expenses.** All families who can afford to pay for the camp without help from the church are encouraged to do so. This will allow others who cannot afford to pay their child's entire way to receive help from the church.
